

FIG 105 NICKEL PLATED BRASS BALL VALVE

As part of our range rationalisation, and due to very low sales volumes, we will cease manufacture of the Hattersley Fig 105 Ball valve with immediate effect. Existing stocks will be supplied, but no new orders will be placed on manufacturing.

For any new enquiries for Fig 105 and Fig 105EXT we will offer Fig 100 and the Fig 100EXT with extension handles as shown in the table below:

Items to be made obsolete		Alternative	
Part Number	Description	Part Number	Description
004B00105JWP	1/2 105 BALL VLV	004BR0100JW	1/2 100 PN25 DZR BALL
